**Subject:** Gentle reminder: Per the 1:00 pm managers meeting on Tuesday, Feb 20 - hot issue papers

To all:

In the 1:00 pm managers meeting on Tuesday, Feb 20, Tom and I presented three documents with links to numerous communication processes – salients, citizen calls, RAV, videos, hot issues, etc. As soon as we meet with OCGR to resolve some correspondence policy discrepancies, we will make these documents available to everyone.

As far as hot issues, **please send me and Tom any recent hot issues** (and updates) from October 1, 2017 (FY'18) on.

Also, a reminder to **send any future hot issues to us** as soon as possible after drafting.

All hot issues (beginning FY '17) are being entered into a database to make it easier to access for updates and 16<sup>th</sup> floor requests. *(Note: You do not need to take any action on the database, you just need to send us the hot issue papers. We will be uploading the papers; you will have access to the database if you wish to use.)*

Any questions, please ask Tom or me.

*FYI: Rick, I think we have the latest Mountaire Farms hot issue paper, unless an update has been done in the past week.*

Nan
